

One more thing

Maybe theres just one more thing to do
Check it off the list just make sure its true
Holding hands in the sand
Thats what we're going to do
Check it off the list just make sure its true

Just one more thing

Maybe theres just one more thing I need
Put it on the shelf just to make sure its seen
I remember when we were just friends
Thats how it use to be
Put it on the shelf just to make sure its seen

You took the time to show me
You took the time to know me
Theres still time for one more thing
Just one more thing

Maybe theres just one more thing to see
Hidden in a wall just to make sure it keeps
Pedestal rocks we would pretend
Thats the luxury suite
Hidden in a wall just to make sure it keeps
