

How stories are made

Clear as day
We'll make it all the way
Never using words like hate
You were there for me
I'll be there for you
Together both turn grey
I've made mistakes
You've made them too
That's what makes us great

Don't always agree
We can't always relate
Never being afraid to share
We do our very best
So forget all the rest
You know what I'm trying to say
Remember how we met
Neither do I
Been so long now who cares

This is how stories are made
This is how it goes
This is how stories are made
This is the only one I know
