

# Yes no maybe

Feeling tired and lazy  
Nothing at home to eat  
Lets get something easy  
So many places close to me

Yes no maybe

All these possibilities  
They all get old to me

You decide  
Can't do this over and over again

Figure it out another hour goes by  
And I just got older  
Might all be closed by now  
And it just got colder  
Looks like we're just staying in  
Pick up the phone call an order in  
Kick off our shoes get cozy  
Now lets try and choose a movie
