

## B Side

Sometimes it takes a lot to say this  
Sometimes it takes all I got  
Takes me to a place I just have to read  
I just don't want to leave

We've all got things  
You and me  
We've all got these things  
We can't see

Sometimes it takes a lot to play this  
Sometimes it takes some thought  
Takes me to a place that most don't believe  
Its just too hard to think
